# HAUL-ALL EQUIPMENT LTD WASTE & RECYCLING SOLUTIONS

Haul-All Equipment specializes in the design, manufacture, sale and support of waste and recycling systems including storage containers, collection vehicles and transfer stations.

- 40+ years experience
- 30+ Patents & Trademarks
- IGBC Certified Products

Our focus is on delivering high-quality products and pioneering advancements in the industry.

## THE SPECIALTY SERIES:

### EFFICIENT AND ECO-CONSCIOUS CONTAINMENT

The Specialty Series from Haul-All offers targeted solutions for unique waste management challenges. Developed with our clients' specific needs in mind, these containers are perfect for everything from wildlife deterrence to hazardous waste containment. Built to last and designed for purpose, they ensure safe, sustainable disposal in any setting.

Choose the Specialty Series for specialized containment needs, supporting a cleaner and safer environment in your community or project.

# HID-A-FISH

The Hid-A-Fish is a fish cleaning station and a bear resistant refuse container all in one with Hid-A-Bin plastic liners included for easy clean up!

Powder Coated One Standard Colour

Bear Resistant User doors

Galvanneal steel panels and stainless steel hinges ensure extended durability.

Stainless Steel Cleaning Table

## OVERVIEW

Modelled after our Hid-A-Bag container, the Hid-A-Fish is manufactured in precisely the same fashion with the addition of a stainless steel tray. It also comes standard with side-hinge loading doors and two Hid-A-Bin plastic liners for no-fuss containment of fish cleaning scraps.

Sturdy construction and bear resistant latches on loading and unloading doors eliminate animal access. An optional concrete mounting pad prevents the container from being tipped or moved.

# HOT COAL

Convenient and safe way to dispose of hot coals and ashes from grills and fire pits.

Sloped panels to ensure capture of hot materials.

Side-hinge unloading door for ease of servicing.

Powder paint process achieves a high gloss, durable finish.

Galvanneal steel panels and stainless steel hinges ensure extended durability.

Optional concrete pad with proven anchoring system.

High Temp Powder Paint withstands 1000°F to ensure durability and safety.

# PROPANE COLLECTION

The Propane collection bin is a secure and ventilated secure containment bin

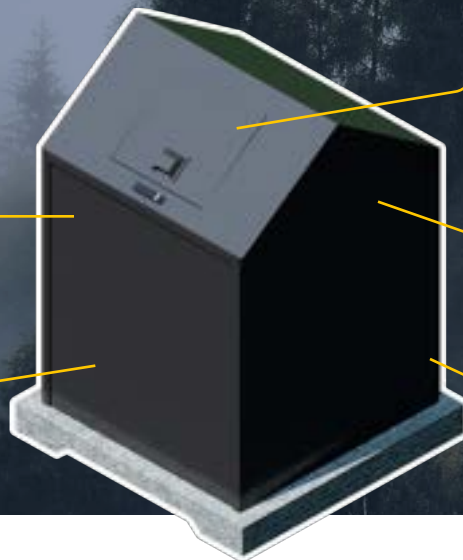

Powder paint process achieves a high gloss, durable finish.

Top hinge user door for ease of access.

Ventilation on side panels.

Front or rear side-hinge unloading door for servicing options.

Galvanneal steel panels and stainless steel hinges ensure extended durability.

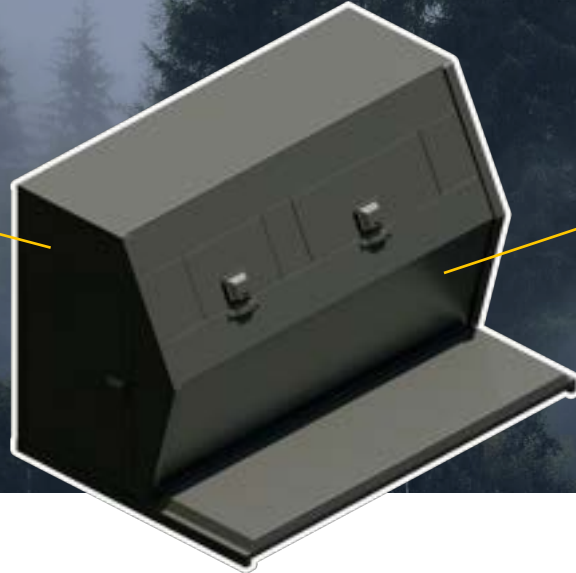

# PC - SERIES

The PC-Series stands as a versatile solution for recycling and waste containment, offering specialized openings for various materials, including custom clothing collection bins.

Powder Coated One Standard Colour

Galvanneal steel panels and stainless steel hinges ensure extended durability.

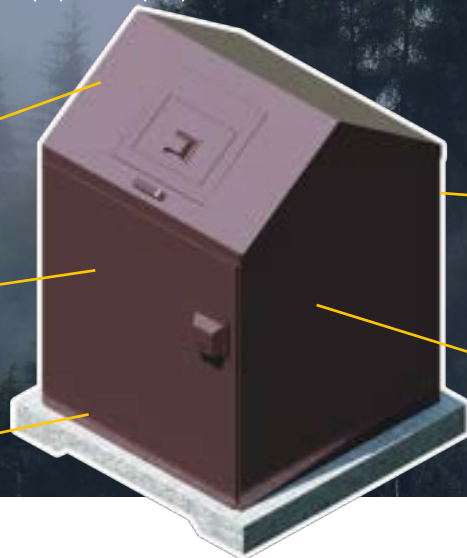

# BEAR SPRAY

The Haul-All Bear Spray Recycling Bin combines secure disposal, robust durability, and environmental sustainability, ensuring safe and eco-conscious collection of empty bear spray containers.

Hinged bag cage minimizes lifting.

Powder paint process achieves a high gloss, durable finish.

Optional concrete pad with proven anchoring system.

Bear resistant latch and construction certified by the IGBC for private and public lands use.

Galvanneal steel panels and stainless steel hinges ensure extended durability.

# Sentinel Medical Waste

Dual stream allows material separation.

Bottom hinge collection chute.

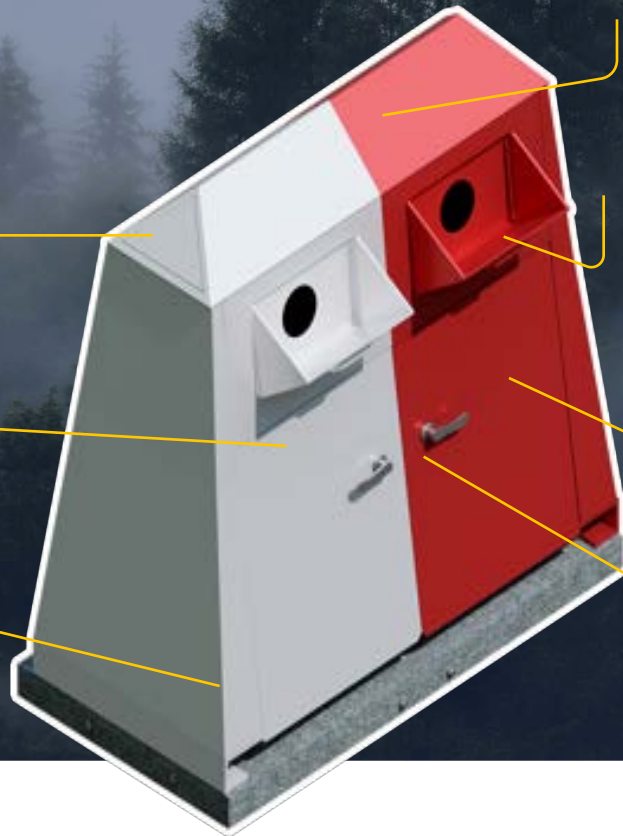

5" or 6" restrictor plates

Powder paint process achieves a high gloss, durable finish.

Galvanneal steel panels and stainless steel hinges ensure extended durability.

Small footprint minimizes development costs.

Hinged bag cage minimizes lifting.

**MULTI-STREAM  
BIO-HAZARD  
CONTAINMENT.  
SAFE,  
CONVENIENT,  
SECURE.**

## Emergency Material Transfer

Evaluated and recognized by IGBC, our bear-resistant offerings adhere to the highest industry standards, perfect for EMT station sites.

Ease of access allows for quick turn-around. Both general and bio-hazard stream separation.

Clean, safe on-site collection. Designed for maximum collection in limited space. Features Trust in Haul-All for unparalleled quality in waste and recycling bins, harnessing the most effective bear-resistant technologies available.
