“THE INDUSTRY STANDARD”

QUOTE

HAUL-ALL EQUIPMENT LTD WASTE & RECYCLING SOLUTIONS

Haul-All Equipment specializes in the design, manufacture, sale and support of waste and recycling systems including storage containers, collection vehicles and transfer stations.

40+ years experience
30+ Patents & Trademarks
IGBC Certified Products

Our focus is on delivering high-quality products and pioneering advancements in the industry.

THE HID-A-BAG:

CERTIFIED BEAR, ANIMAL & CRITTER RESISTANT BINS

It was the industry's first bear-resistant container designed with a self-closing lid and bear resistant latch to eliminate the food reward that would come from breaching a container along park trails and remote wilderness locations.

The Hid-A-Bag has become an iconic symbol of parks and recreation in shared wilderness locations across Canada and the U.S.

Trust in Haul-All for unparalleled quality in waste and recycling bins, harnessing the most effective bear-resistant technologies available.

Today, the Hid-A-Bag is more than a product for bear resistant applications.

TRUSTED BY

BCParks

HID-A-BAG

The Hid-A-Bag is manufactured from galvanized steel, which is more resistant to scratching and damage during manufacturing, with stainless steel hinges to resist corrosion. The container is primed and painted with powder coat for a thick, dense finish, which is more durable and long lasting than liquid paint, and riveted together to maximize service life.
