HAUL-ALL EQUIPMENT LTD WASTE & RECYCLING SOLUTIONS

Haul-All Equipment specializes in the design, manufacture, sale and support of waste and recycling systems including storage containers, collection vehicles and transfer stations.

- 40+ years experience
- 30+ Patents & Trademarks
- IGBC Certified Products

Our focus is on delivering high-quality products and pioneering advancements in the industry.

THE SENTINAL:

DESIGNED FOR THE OLYMPICS, ENGINEERED FOR SUSTAINABILITY

Created in collaboration with the 2010 Winter Olympics Committee, the Sentinal merges Olympic-grade durability with urban and environmental design. Using materials that ensure longevity and featuring options for enhanced sustainability, it's built for both city landscapes and natural settings.

With a layout that optimizes space and provides easy access, the Sentinal is a

versatile solution suitable for any location. It comes equipped with features to deter wildlife and facilitate recycling, covering a broad spectrum of waste management needs efficiently.

Select the Sentinal for dependable, eco-aware waste management solutions, endorsed by Olympic standards, for your community or initiative.

TRUSTED BY

SENTINAL

The Sentinel is manufactured from galvalneal steel, which is more resistant to scratching and damage during manufacturing, with stainless steel hinges to resist corrosion. The container is primed and painted with powder coat for a thick, dense finish, which is more durable and long lasting than liquid paint, and riveted together to maximize service life.
